

Art With a Heart

izibusiso

HOUSE OF MANY BLESSINGS

We are making a special request
To artists who would like to bless,
Bless a life with a small piece of art
Where somewhere we will find a heart.

A little picture can say so much
Especially if you add a touch,
A touch of love for a child in need
Helping someone to clothe and feed.

We know we all are busy with life
Families with children, husband and wife
But if you can spare some time to spend
Painting or drawing and help a child mend.
